"It is our job, as parents, educators, and friends, to see that our young people have the opportunity to attain the thorough education that will prepare them for the future... We must encourage our youngsters in such pursuits as music education. In addition to learning the valuable lesson that it takes hard work to achieve success, no matter what the arena, music education can provide students with a strong sense of determination, improved communication skills, and a host of other qualities essential for successful living." - Edward H. Rensi – President and C.O.O., U.S.A. McDonald's Corporation
